Adam,

Please find attached the USMS revised Final Draft for the BWC Interim Policy Directive. We have incorporated the language sent today regarding expedited public release as directed by ODAG.

Please let us know if there are any other revisions necessary as we are currently designed the training curriculum. Further changes might impact our ability to produce the training module on time. Our USMS Training Academy is FLETA accredited and as such, they have certain requirements to deliver training modules. I have included the Training Division personnel on this email so they'll be aware that USMS Interim PD is as attached barring further information from you.

Thanks very much.

Adam,

Based on your comments and email to AD Kelly, we have made a few revisions and

submit this version of the USMS BWC interim policy for your review. I have summarized the changes so that you can find them easily

(b)(5) Deliberative Process Privilege

(b)(5) Deliberative Process Privilege; (b)(7)(E)

Please let us know when you've had a chance to review these and if they are acceptable revisions. If so, we'll send a final version back through our Chief of Staff. We have advised our executive leadership (ADO/ADA) that we are pursuing this revision with you.

Thanks!

Hi Adam,

Should we expect any further action on the revised TFO BWC Policy or is the version you sent us (with the edits) the final and approved version? I don't expect a press release or anything but prior to releasing a new revised SOP that aligns with this document, I want to be sure there are no further changes planned.

With all the moving parts on the federal side, that question got a little lost in the shuffle!

Thanks very much!

Subject: [EXTERNAL EMAIL] - New Draft of DOJ Expedited Release Language

Importance: High

Hello to all.

Adam reached out and advised that he met with the DAG yesterday, and as a result of that meeting, DOJ has come up with the attached updated draft for expedited release language for our respective BWC policies.

Adam is asking that each component review the new draft and provide him any comments or input ASAP (preferably today). Given the short time frame, I am asking each component to respond directly to Adam with a cc to the other components.

I know some of you are tied up this afternoon with the EOUSA BWC training, but if anyone wants to discuss please let me know and I will try to set up a quick call this afternoon.

Thanks.

(b)(5) Deliberative Process Privilege

(b)(5) Deliberative Process Privilege

Those are the sum of what USMS feels would be good additions and the modified language in the attached is our suggested language.

Additionally, as we all are getting training underway (or completed), USMS begins training in our locations Monday.

We will not authorize the actual active use of the BWC until we do have a policy document returned or final language agreed for our agency to ensure we can properly advise the field of all the conditions under which they will be using BWC and that the agency will be implementing regarding every facet, including public release.

Thanks so much.

When do you think you can send the updated BWC policy?

Thanks

Hi

If your agency expects to permit agents/DUSMs to view BWC recordings prior to writing a report, can you please include this in your policy. I am including the DEA language below:

11.0. ACCESS TO BODY-WORN CAMERA RECORDINGS

Subject to the restrictions in this interim policy, DEA personnel may access and view DEA BWC recordings only for official DEA business, including assisting in accurate report writing and preparing for testimony. **NOTE:** The purpose of using BWC recordings in preparing DEA-6 forms and preparing for testimony is to maximize the accuracy of the report or testimony—not to replace independent recollection and perception of an event.

I can send you that version. It is under revision based on changes to the TFO MOU Addendum to align with the new standards of the MOU as revised on July 13 and further being revised based on your comments last week.

However, (b)(5) Deliberative Process Privilege

(b)(5) Deliberative Process Privilege

The revised USMS BWC Policy that we are preparing to send to you has this revised language for Expedited Release:

(b)(5) Deliberative Process Privilege; (b)(7)(E)

Because that document is not complete (and is waiting final revisions based on the acceptance of our proposed interim policy) sending what we have would not be effective or instructive. OGC has to review it as well as our OPA to advise if they can meet the timelines we impose

Hi Adam – One quick question: The USMS’s draft BWC policy cross references the BWC Interim Standard Operating Procedures (SOP) for specially deputized USMS task force personnel (dated January 14, 2021) in its discussion on expedited releases. Do you happen to have a copy available of the SOP?

Thank you!

During the meeting at 4PM EST, both (b)(6); (b)(7)(C); (b)(7)(F) and myself will be on a plane from El Paso to San Antonio as part of our Phase 1 training,

AD Kelly or USMS OGC will be on the call and we'll conference in later to see what issues were resolved.

Anecdotally, the USMS TFO BWC has 4 California agencies who are in an on boarding status of having signed our MOU Addendum and they are completing the technical checklist.

We'll be sure the USMS reps have info if necessary.

Hi Adam,

Not trying to be a pest but if you have any idea when ODAG might release the last language as authorized that would be awesome. I believe our Director has a monthly meeting with the DAG this week and he does have info as to where we are in the process as an awareness item if she asks about BWC. That meeting may also be next week.

Adam,

After our discussion with you yesterday, we've updated the USMS interim policy directive. We have accommodated the direction from ODAG and internally reviewed this.

I've attached our edited document.

(b)(5) Attorney Client Privilege; (b)(5) Deliberative Process Privilege

I have left VM for (b)(6); (b)(7)(C); (b)(7)(F) but haven't received contact.

(b)(5) Attorney Client Privilege; (b)(5) Deliberative Process Privilege; (b)(6); (b)(7)(C)

Please advise if all components are going to include it. We'd appreciate a chance to discuss that so USMS is not singled out when all utilize similar tech.

Please let us know if anything further needs revision. We're working to finalize the SOP so the training curriculum can be fully developed. We're required to do that as an Federal Law Enforcement Training Accreditation (FLETA) accredited agency. We'll be working from this version unless we hear back differently. Our SOP meeting to finalize requirements is August 9.

Thanks!

FYI on a situation developing in Detroit where the US Attorney is attempting to negotiate the DOJ policy language.

I will keep you posted.

(b)(6)

Thanks for the information. The USMS position remains the same. We will not negotiate the draft DOJ policy during the pilot phase. Hopefully, DOJ is aware of this development and understands that each component has existing MOUs with upwards of a thousand agencies nationwide. The USMS cannot negotiate a different MOU to suit every departments requirements. The pilot phase was initiated to identify what changes may be needed to push this out nationwide.

Hopefully this will be discussed on tomorrows call.

Regards

Jeff

Gents,

Here is the language the USAO is proposing to the ODAG reference the Property issue of the BWC footage. If approved by the ODAG, I would like to incorporate it into ATF's addendum to the MOU to ensure forward progress on this pilot. Let me know if you have any objections.

Subject: Clarification of the Term "Federal Records" in the EDMU MOUs

All,
We've reached out to the Office of the Deputy Attorney General (ODAG) proposing the language below which clarifies what the Detroit Police Department (DPD) may disseminate in response to "use of force" incidents.

(b)(5) Attorney Client Privilege; (b)(5) Deliberative Process Privilege; (b)(7)(E)

(b)(5) Attorney Client Privilege; (b)(5) Deliberative Process Privilege; (b)(7)(E)

The USAOs and law enforcement agencies have a conference call with the ODAG tomorrow at 1 pm. Can you get back to me tomorrow morning (say by 10 a.m.) with your thoughts on this additional language so we can discuss it on the ODAG conference call? Here's the language:

(b)(5) Attorney Client Privilege; (b)(5) Deliberative Process Privilege; (b)(7)(E)

If we can propose this additional language to DPD I am cautiously optimistic that we may be able to persuade DPD to participate in the interim policy.

Thank you.

Subject: RE: BWC Record Retention Follow-Up

Good morning (b)(6);

Please see attached for a list of BWC record categories and record types. If the category names had abbreviations in Axon, I put their abbreviations in small italicized font below the spelled out name (unsure if you need those or not).

We thought all of the categories fell under the same blanket business purpose of *“Investigation regarding Class I or Class II warrants.”* We also put the retention time that is currently in Axon for each category, but will of course defer to your team to determine the correct schedule.

Is the attached enough to move forward with scheduling our next meeting to discuss, or would you like more info from IOD?

Thank you!

Hi (b)(6);

See attached for a mock-up chart of BWC video categories—I just want to make sure we're all tracking on the same page before we move forward with scheduling our next meeting.

So the next steps include IOD identifying our business purposes and then scheduling a meeting so we can identify the retention schedules accordingly?

Thanks!
